

Kingfisher Sport Lighting

Official Partner

England Athletics' ambition is to create an innovative and inspiring network of sustainable athletics facilities, with the capacity to meet both current and future demand across England.

Our partnership with Kingfisher Sport Lighting will help us to realise that ambition.

During the current economic and health challenges, excellent athletics facilities have never been more important and we are delighted to be able to work with Kingfisher Sport Lighting as an Official Partner to help raise and maintain standards and also support us in developing an inspiring new generation of athletics facilities.

Working with Kingfisher Sport Lighting enables facilities to dramatically cut energy costs, whilst reducing the need for on-going and expensive maintenance costs – saving vast amounts of money year-on-year. This also supports our wider sustainability commitment to reduce the environmental impact of athletics facilities.

Ed Hunt, Facilities and Planning Manager, England Athletics
